vocations

COMPANY PROFILE

The job market data company: every job offer, from the very first minute.

Vocations collects, in real time, the job offers published on the career pages of more than 8.3 million companies in Italy and Spain and enriches them with company registry data. Staffing agencies, headhunters, universities and HR teams use them to spot the companies that are hiring and to compare salaries and benefits.

8.3M+
companies monitored in Italy and Spain

+20k
new job offers published every day

80+
client companies

96%
of clients are still using Vocations after six months

WHAT WE DO

PRODUCT

Vocations Signals

Sends every new job offer to the people who can use it, enriched with company data, estimated salary and degree classes.

PRODUCT

Vocations Intelligence

Shows competitors' salary, bonuses, welfare and benefits for every role and area.

INTEGRATIONS

API, MCP & Integrations

Brings the same data into your CRM, ATS and AI assistants, with a single credit balance.

WHO IT'S FOR

Staffing agencies
New companies to contact, branch by branch.

Headhunters
Hiring cycles and C-level and manager departures.

Universities
Job offers by degree class, for placement and career offices.

HR teams
Market salaries and benefits, role by role.

OUR JOURNEY
